TO : Basic Education Community

FROM : Joaquin Jose Mari C Sumpaico III, SJ
Vice President for Basic Education

SUBJECT : Basic Education Update on the Transportation Strike

Due to continued developments of the transportation strike, all Basic Education schools (AGS, AJHS, and ASHS) will keep to the online engagements that were previously announced to their respective learning communities. We will continue with these arrangements until Wednesday, 8 March 2023.

We will provide further advisories as soon as we gather sufficient information on the transportation situation. Kindly expect an update to be released by Wednesday at 3 PM.

Let us continue to practice patience, understanding, and resilience during this time. We are confident that we will get through this together.

Blessings to everyone.
