School Readiness Program for Kinder

How ready are you for the big school?

The school readiness program for Kinder will give 4 ½ to 5-year-old children an early glimpse of how fun and wonderful learning can be. The program provides fun and engaging activities that will help the students gain a jumpstart for next school year. Moreover, it will also help them become familiar with important class routines needed to become confident and competent learners.

Participants : Students (boys & girls) ages 4½ to 5

Venue : Onsite (AGS Classroom)

Get Ready for Grade 1

(Bridging and School Readiness for Incoming Grade 1 AGS students)

Gear up! You are now about to start a new year.

These sessions will help incoming Grade 1 students by familiarizing them with routines, procedures and basic skills such as listening, reading, writing and speaking. The students will be given tasks and drills (oral and written) and opportunities to interact with others to prepare them for the wonderful world of Grade 1.

Participants : Incoming AGS Grade 1 students

Venue : Onsite (AGS Classroom)

Eager Reader

Are you ready to learn how to read? This program will help five to seven-year-old children learn the rudiments of reading. The child will learn the sounds of letters in the alphabet, how to blend vowels and consonants, and how to read c-v-c words, a few important sight words, phrases and simple sentences. Stories will be read aloud every day to encourage students to read, and hopefully, develop a lifelong love for reading!

Participants : Boys and girls ages 5-7
Venue : Onsite (AGS Classroom)

Read, Think, Write

Go places this summer...with wonderful books! Come and enjoy reading, writing, listening, playing games, participating in contests and much more! And as you enjoy these activities, you will also build your reading skills, boost your vocabulary, and improve your comprehension not just in English, but also in Science, Math and other content areas.

READ UP! Make the right choice! This funshop will put you on the right track as you brush up on your reading skills and develop your interest in writing as well. Discover fun and excitement when you open and read really 'cool' books! Then maybe you'll have fun writing your very own book, too!

Participants : Students (boys & girls) Group A: ages 6½ to 9½
Group B: ages 10-12

Venue : Onsite (AGS Classroom)

Ways with Words

(A Creative Writing and Speaking Workshop for Children)

This workshop on Creative Writing and Speech aims to enhance the child's imagination and expressive skills in writing and speaking. Moreover, it hopes to develop the child's personality, poise, self-concept, interpersonal skills and sensitivity to his/her surroundings.

At the end of the course, the participants will come up with a portfolio of their works showcasing their poems, stories, essays and other creative output.

Participants : Students (boys & girls) ages 6½ to 9½

Venue : Onsite (AGS Classroom)

MAKA-Filipino

(Mahalin, Alamin at Kilalanin ang Filipino)

Sino'ng may sabing mahirap ang Filipino? Kilalanin at mahalin natin ang ating sariling wika! Sumama sa masayang klase at kilalanin ang mahahalagang salitang magiging susi sa higit na makahulugang pag-aaral ng Filipino. Halina't makinig at magbasa ng mga kuwentong Filipino.

Participants : **Students (boys & girls)**
Pangkat A: Papasok ng Unang Baitang
Pangkat B: Papasok ng Ikalawang Baitang
Pangkat C: Papasok ng Ikatlong Baitang

Venue : **Onsite (AGS Classroom)**

WAGI sa WIKA

Bokabularyong Filipino

Layunin nitong palaguin ang bokabularyo ng mga mag-aaral sa wikang Filipino sa pamamagitan ng pagbabasa ng iba-ibang akdang Filipino at pakikiisa sa masisiglang gawain sa klase. Pagkatapos ng sesyong ito, inaasahang magagamit ng mga mag-aaral ang mga salitang kanilang pinag-aralan sa pasulat at pasalitang paraan. Magwagi sa sariling wika!

Participants : Mga batang estudyanteng papasok mula ika-4 hanggang ika-6 na baitang
Venue : Onsite (AGS Classroom)

Mathematically-Acquired Techniques and Habits

This is a 2-week course in Math that aims to:

- a. strengthen basic Math skills
- b. enhance computation and problem-solving skills
- c. explore the fun part of Math

Students will have computation drills and will be taught different computation and problem-solving strategies.

Participants : Boys and girls, incoming Grades 1-6

Venue : Onsite (AGS Classroom)

Science is Cool

This workshop is for students who are very curious about the World of Science. It is designed to develop and enhance scientific process skills using inquiry-based activities and experiments. Daily modules will allow participants to be resourceful, inquisitive, and creative.

Hands-on activities include experiments and project-making using everyday materials and tools. Some activities will integrate academic and special subjects, topics and skills.

Participants : Boys and girls ages 7½ - 9
Venue : Onsite (AGS Classroom)

Binibini, Maria Clara at Ibarra

Kasaysayan sa Malikhaing Paraan

Ang programang ito ay pagbabalik-tanaw sa ating kasaysayan. Isasalaysay sa klase ang mga pangyayari na naging ugat ng ating kultura at pagkatao. Matututuhan ng bawat isa ang kahalagahan ng kasaysayan at ang kaugnayan nito sa ating kasalukuyan.

Pagyayamanin ang mga paksa sa pamamagitan ng mga malikhaing gawain, palabas, dula, proyekto at iba pa.

Participants : Mga babae at lalaking estudyanteng papasok mula ika-5 hanggang ika-6 na baitang
Venue : Onsite (AGS Classroom)
