

ATENEO DE MANILA UNIVERSITY
OFFICE OF THE PRESIDENT

Memo # U2021-052
25 May 2021

Memo to : The University Community
Subject : Quality Policy Statement

I am pleased to inform the community that Ateneo de Manila University now has a Quality Policy Statement which was discussed and approved at a recent President's Council meeting.

Excellence in our work, often referred to internally as 'magis', defines and measures what we do and strive for. It is a deeply embedded dimension of the university culture.

Much of what we have done and the manner in which they are accomplished are examples of high quality. To build on this tradition and practice, we are setting up mechanisms to promote a shared understanding of university standards and better coordinated quality assurance efforts.

These standards are reflected in the attached Quality Policy Statement.

Let us continue to uphold quality in Ateneo de Manila University by supporting policies and standards that promote institutional excellence.

For your information and guidance.

(Sgd) Roberto C Yap SJ
President
