

ATENEO DE MANILA UNIVERSITY
OFFICE OF THE VICE PRESIDENT FOR HIGHER EDUCATION

HE Memo#Y1.31
22 September 2023

TO The Ateneo de Manila Community in Higher Education

FROM [Sgd.] Maria Luz C. Vilches, PhD
Vice President for Higher Education

SUBJECT Learning and Teaching on Saturday, 23 September 2023

Still in connection with the current environmental conditions related to the volcanic smog (VOG), undergraduate and graduate classes of the Schools of Humanities, Management, Education and Learning Design, Science and Engineering, and Social Sciences **may** be done online tomorrow, 23 September 2023.

Schools and Departments that may need for their classes to go onsite (like SOSE Lab classes) should separately announce this arrangement to their faculty members and students. I trust in your discernment toward good decisions. Those who will report onsite should observe the health protocols appropriate to the current environmental conditions.

For the Schools of Medicine and Public Health, Law, Government, and Business, the respective deans of these schools are enjoined to make their decisions that are appropriate to their contexts.

Let's continue to hope for the best. Be safe, everyone!

Thank you.
