TO The University Community

SUBJECT Review and Update of the University Quality Policy Statement

As part of good governance practice, the Quality Policy Statement, originally issued in May 2021, has undergone its first review. The review was conducted to realign the statement with recent changes in our university's organizational structure and to facilitate the development and implementation of various quality frameworks.

1. Higher Education cluster and Basic Education cluster for **educational quality framework**
2. Mission Integration cluster for **Ignatian formation quality framework** which includes community engagement; student activities and leadership formation; health, care and well-being; Ignatian Spirituality formation
3. University Research Council for **research quality framework**
4. President's Cluster, Finance Cluster, Administration Cluster, Human Resources Cluster, and the Digital Information and Technology Services Cluster for **leadership and management quality framework**

Herewith is the revised [Quality Policy Statement version 2.0](#).

For your guidance.
