SUBJECT	E-jeep Express Lane (Line A)

We would like to inform the community that the new e-jeep express lane (Line A) will be open beginning Thursday, 6 February 2025.

Below is the map of the express lane and the new designated stops for reference.

NEW ROUTE - LINE A (EXPRESS)

New e-jeep stations will be located at the Old Rizal Library and at the JSEC Mall.

The Leong Hall station will be relocated to the Old Rizal Library, while the Gate 2.5 station will be relocated to the JSEC Mall.

This new express lane will help reduce the travel time and improve the turnaround time allowing more people to use the e-jEEP service.

It will also be a shared lane with bicycles, allowing a safer and faster route away from motorized vehicles.

Concurrently, we will be opening two new pedestrian access points at the PIPAC parking and College Lane, in front of the Old Rizal Library.

We encourage the community to keep supporting our e-jEEPs and using bicycles, as these eco-friendly options help reduce our campus's carbon footprint while providing alternative transportation for everyone.
