

ATENEUM DE MANILA UNIVERSITY

OFFICE OF THE VICE PRESIDENT FOR MISSION INTEGRATION

2 April 2025

TO	The University community
FROM	(Sgd) Benjamin Gerardo T. Tolosa, Jr. PhD <i>Vice President for Mission Integration</i>
SUBJECT	Moro Lorenzo Sports Center Management Transition

We are pleased to announce that beginning 1 April 2025, the management and operations of the Moro Lorenzo Sports Center have been officially turned over to the Ateneo de Manila University. The facility will be under the supervision of the Mission Integration Cluster, through the Office of the Assistant Vice President for Health, Care, and Well-being.

Reflecting its expanded mission, the facility will now be known as the Moro Lorenzo Wellness and Sports Center. This transition marks our commitment to fostering a holistic approach to wellness and sports. By focusing on the integration of body, mind, and spirit, we remain true to our Ignatian value of *mens sana in corpore sano*.

The shift to a wellness and sports center aims to enhance the administration's support for and development of our athletes and the rest of the University community, promoting a healthy lifestyle, holistic care, and integrated well-being.

The Moro Lorenzo Wellness and Sports Center is envisioned to be:

- A Wellness Destination for the Ateneo Community
- A Strong Support for Ateneo's Athletics Programs, Sports Development and Physical Education
- A Sustainable and Inclusive University Facility

We look forward to this exciting new chapter and the positive impact it will bring to our community. Detailed updates will be shared with the community in the weeks to come.

Together, let us embrace wellness and elevate the spirit of sports in the Ateneo!
